CHECKLIST
For a BYU Housing Contract

The living environment of the students is an integral component of the unique experience Brigham Young University seeks to provide. Therefore, the University in its sole discretion reserves the right to determine which off-campus housing properties will be contracted for its students. All owners who are seeking a BYU contract or contracted owners seeking to obtain a contract for additional facilities must first visit with a housing official and provide the following required documents to the BYU Off-Campus Housing Office (C-141 ASB, Provo UT 84602). This visit is to collect information and initiate consideration of the proposed dwelling(s) which may lead to contracted housing, but does not mean a contract will be granted now or in the future.

Additions to the BYU Contracted Off-Campus Housing program must not impose an unreasonable administrative burden on the university. This Contracted Housing Checklist outlines the requirements for consideration of obtaining a BYU contract. First, determine that your property is within the BYU contracted boundaries. See http://och.byu.edu/boundarymap.html. Second, be aware, a university contract is not assignable or transferable. Owners acquiring a property that has a BYU contract must apply for a contract and proceed through the contracting process. No owner or purchaser can be assured of a contract regardless of prior contracts until the application process has been completed and the contract granted. Third, You are strongly advised to obtain a Zoning Verification Form from the seller or from Provo City before purchasing a rental property.

Initial Inspections

☐ Initial Inspections: An initial inspection shall be performed by an Off-Campus Housing Official to determine whether the property will be a welcome addition to BYU Off-Campus Housing and assess potential concerns.

Next Required Documents

☐ Consent and Disclosure Form: Review and sign the Consent and Disclosure Form.

☐ Zoning Verification Form: A Zoning Verification Form is needed to verify tenant occupancy and on-site parking limits.

☐ Agency Authorization Form: This form authorizes an agent to act on your behalf.

☐ Written Business Plan: Submit your business plan in writing addressing the items listed below: (Photos may be included, if available)

  o Ownership: Define the ownership of the property. Please disclose any and all business partners, shareholders, financiers and their function. For properties with multiple investors, including LLC’s – please include a diagram visually presenting this information.

  o Description of Need: Describe why this facility meets the university’s needs and is a desirable property for university housing. Describe the property location, address, and include a site survey of surrounding buildings. Review the neighboring buildings function, proximity, occupants (single men/women or families) and line of sight concerns from your facility.

  o Integration with the BYU Off-Campus Housing Objectives: Submit a description of how this facility helps the university accomplish its mission and a comprehensive business plan of how you will achieve this objective. Include a list of amenities and services (including “green space”) provided on-site for the students that will be conducive to their moral and spiritual growth; as well as their academic and social needs as determined by the university.

  o Separation Plan: For multi-unit facilities, owners desiring to house both men and women must submit a separation plan in writing (including site plans, dimensions and floor plans of the units). The plan must be reviewed and accepted in writing in the sole discretion of the university before contracted status is granted. Multi-unit complexes must separate men and women by building or by wings of buildings with consideration of line of sight. When separation of sexes is proposed to be accomplished in wings of a building instead of individual buildings, the design elements of the project must articulate a clear separation. Buildings of one sex may not have access to parts of a building of the opposite sex except at the ground level, i.e. stairs and elevators may not be shared between buildings of both sexes. Houses are not allowed to have both men and women.

  o Management Plan: Submit a management model showing plans for training and the hours planned for on-site management. A management training plan is very helpful to your application. Please be aware condominium complexes are not a desirable management format for BYU contracted housing.
o **Maintenance Plans:** Submit a property maintenance plan including emergency response, regular maintenance, and preventative maintenance. Provide a copy of the service contract if this service is outsourced.

o **Landscaping Plans:** Provide plans for maintaining a clean and orderly landscape that will reflect an extension of the university campus.

o **Parking Plans:** Provide a parking plan that shows how you will manage the parking resources for the facility that will meet the needs of the tenants and is consistent to Provo City regulations and limits.

o **Floor Plans:** Provide an 8 ½ X 11 inch architectural drawing with details including a floor plan showing room dimensions, door and window locations, bedroom opening dimensions, hall dimensions, ceiling heights, enclosed closet bar dimensions, kitchen counter space dimensions, and square footage of each unit. You must resubmit the floor plans if there is a material change.

---

**Committee Review**

☐ **Contract Committee:** Your application shall be reviewed by a university committee, which will decide whether or not the university will grant you a contract to house BYU students. The Contracting Committee will respond with their decision. If your application is denied, the contracting process will be terminated.

☐ **If Approved by the Contract Committee:** A Contract Packet will be emailed to you if your application is approved by the committee. Complete the final requirements listed below: (Final approval will not be given until a final inspection is completed on existing facilities or new construction, and all the required Final Requirements are completed.)

---

**Final Requirements for BYU Contracted Housing**

☐ **Create Net ID:** Create a Net ID on BYU’s MyBYU system and submit the Net ID to the Off-Campus Housing Office to allow you access to the listing service and student address verification system.

See [http://och.byu.edu/](http://och.byu.edu/).

☐ **Handbook Training Exam:** The BYU Off-Campus Housing Handbook Training Examination is an online, open-book exam with 40 multiple-choice questions. The owner and their authorized agent(s) must pass the exam. The Handbook can be found at [http://och.byu.edu/](http://och.byu.edu/).

☐ **Rental Dwelling License Application Response Letter:** Unless your property is owner occupied, you must submit to the Off-Campus Housing Office a copy of your Rental Dwelling License Application Response Letter. You can obtain this document from Provo City for a fee. Please allow two to three weeks for a response letter from Provo City.

☐ **Final Inspection:** A final inspection shall be performed by an Off-Campus Housing Official to confirm that correctable problems noted in the initial inspection(s) are resolved.
